

## National Yo-Yo Master **Dazzling Dave**

*Dave is one of only nine nationally recognized Yo-Yo Masters. Formerly a middle school teacher, Dazzling Dave's heart and soul are still in teaching. Delivering intensely fun freestyle performances followed by friendly hands-on instruction, Dave teaches his "students" hand-eye coordination, goal setting & achievement, performance techniques, and the fundamentals of physics, all through the Science of Spin program and his hand-held classroom on a string.*

"Dave had the P.E. activity so well organized and every student received individual instruction. I did not know anything about yo-yos, and in one day Dave taught me all I needed to know."

– **Julie Castellano, P.E. Instructor**  
Coon Rapids, MN

"Dave was simply outstanding! From his expertise with yo-yos to his ability to relate to children, Dave provided a first-rate experience. I would highly recommend this program."

– **Michelle Stewart, Principal**  
Munster, IN

"Dave's show brought about good communication and interaction between the students. It is very rewarding to see the children working together."

– **Mike Kochendofer, School Social Worker**  
Portage, IN

"My child's self-esteem has gone way up since he has started yo-yoing. It's great!"

– **Jill Erickson, Parent**  
Andover, MN

"Dazzling Dave's show was fantastic. The kids were amazed, and the teachers were thrilled with the science program. His flexibility made our school fun day a big success."

– **DeAnn Robertson, PTO**  
Duluth, MN

"Watching Dazzling Dave and his yo-yos is like watching a happy little tornado. When he is done, your hair is messy, and you want to leave it that way for a while."

– **Lori Buffington, Fan**  
Blaine, MN

Dazzling Dave*

*A free educational  
program for your school with  
an entertaining spin.*

# The Science of Spin® Program

## How it works

The Science of Spin® Program begins with a one-hour assembly at the beginning of the day that is entertaining and educational. For the rest of the day, there are hands-on instructional clinics in your P.E. classes held by Dazzling Dave. Demo yo-yos for all students are provided.

The first half of the assembly, *Yo-Yo Fun and Safety*, is suitable for all ages. The second half, *Science of Spin*, is suitable for students fourth grade and up. Through class participation and demonstration, students are introduced to principles of physics. Including gyroscopic stability, rotational inertia, planes of spin and distribution of mass.

## Fund-raising option - FREE

Your school's obligation is to provide for the sale of yo-yos and accessories for five days following the assembly. Sales go through the P.E. instructor, counselor, P.T.A., etc. Whoever handles the sales will receive \$1 for each yo-yo sold. Costs are \$7 for the standard fixed-axle yo-yo, and \$13 for the ball-bearing, auto-return yo-yo. Students are not required to buy yo-yos.

### A great, safe recess activity

A required part of this option is to allow time for students to yo-yo at recess where they can enjoy building their skills and interacting with each other.

Safety is as important for yo-yoing as it is for any other activity. That's why Dazzling Dave teaches yo-yo players about the "Yo-Yo Safety Zone" and appropriate yo-yo use in both the assembly and P.E. class instruction.

### Yo-yo unit for P.E. classes

If P.E. instructor wants to continue teaching a yo-yo unit, he or she will be loaned an instructional video, curriculum, and a class set of yo-yos for five days. These class sets are available for purchase for P.E. instructors who want to add the unit permanently.

### Fixed fee option

The Science of Spin Program is available without any obligation of the yo-yo sales and recess play for \$600.

## Contact Dave

Dave Schulte also has other types of shows available. Contact him today for more information, or to book a Science of Spin program for your school.
